

ALCATEL OT-600: Play and Mix!

ALCATEL's brand new mobile phone, the OT-600 Play n'Mix, is the ideal model for music addicts always on the move. Targeted at youngsters, compact and easy to use, its built-in "Music" function comes with a storage capacity of more than 1,000 tunes, representing 15 hours of non-stop music. Enjoy to the rhythm of the music all day long!

The OT-600 addresses young people who cannot imagine living without "music". Available in a large range of colours, from metallic pink or blue to titanium grey and casual orange, its refreshing and modern design will please the most active users. Convenient and simple, this mobile phone also includes a rich set of capabilities!

With the music function of the OT-600, you can listen to music all day long! Its storage capacity of up to 1,000 tunes for 15 hours of music in a row enables users on the move to play their favourites tracks everywhere. In addition, the ringtones based on MP3 melodies change to your mood!

Why go without video? Mix today's hottest hits with your favourite moments! The OT-600 enables you to combine a slide show with the tunes being played, for genuine and entertaining results. Add a micro SD card and you can easily record unforgettable moments and share videos with your friends.

And because a mobile phone needs to be convenient too, ALCATEL, already renowned for its user-friendly products, has integrated a stereo Bluetooth port for wireless connection with a headset or computer. Last but not least, a desktop application helps you to manage videos, photos and audio tracks and to synchronize your contacts. It has never been as easy to stay up to date!

Those who like messaging will appreciate the large memory capacity up to 700 SMS, and if you prefer video communications, the OT-600 also becomes a Webcam... Here is a One Touch full of surprises!
